"When Albert and Toni-anne were about to announce the second princess and the drum roll began, my heart was pounding and I crossed my fingers hoping they'd call my name. West Mesa cross-country runners have long been well-known for their ability to excel on the most difficult hills and sandy courses. The reason for this is probably Hell's Hills is also the home of the infamous West Mesa Invitational cross-country, meet, which happens to be one of the largest races in the state. Hell's Hills is located near nine-mile hill, north of Central, and is everything that its name implies. Hell's Hills is generally considered to be the most difficult course in the state, but as long as West Mesa has a cross-country team, Hell's Hills will be home at the Mustangs.

TRIBUTE TO A GREAT ADMINISTRATOR AND FRIEND

Mrs. Marilyn Zanetti, a former assistant principal at West Mesa, left us at the end of November. This was a great loss for West Mesa because Mrs. Zanetti was an assistant principal here for five years. She came to West Mesa in 1974 and, since then, has accomplished many things which have helped West Mesa in becoming a better and more enriching school.

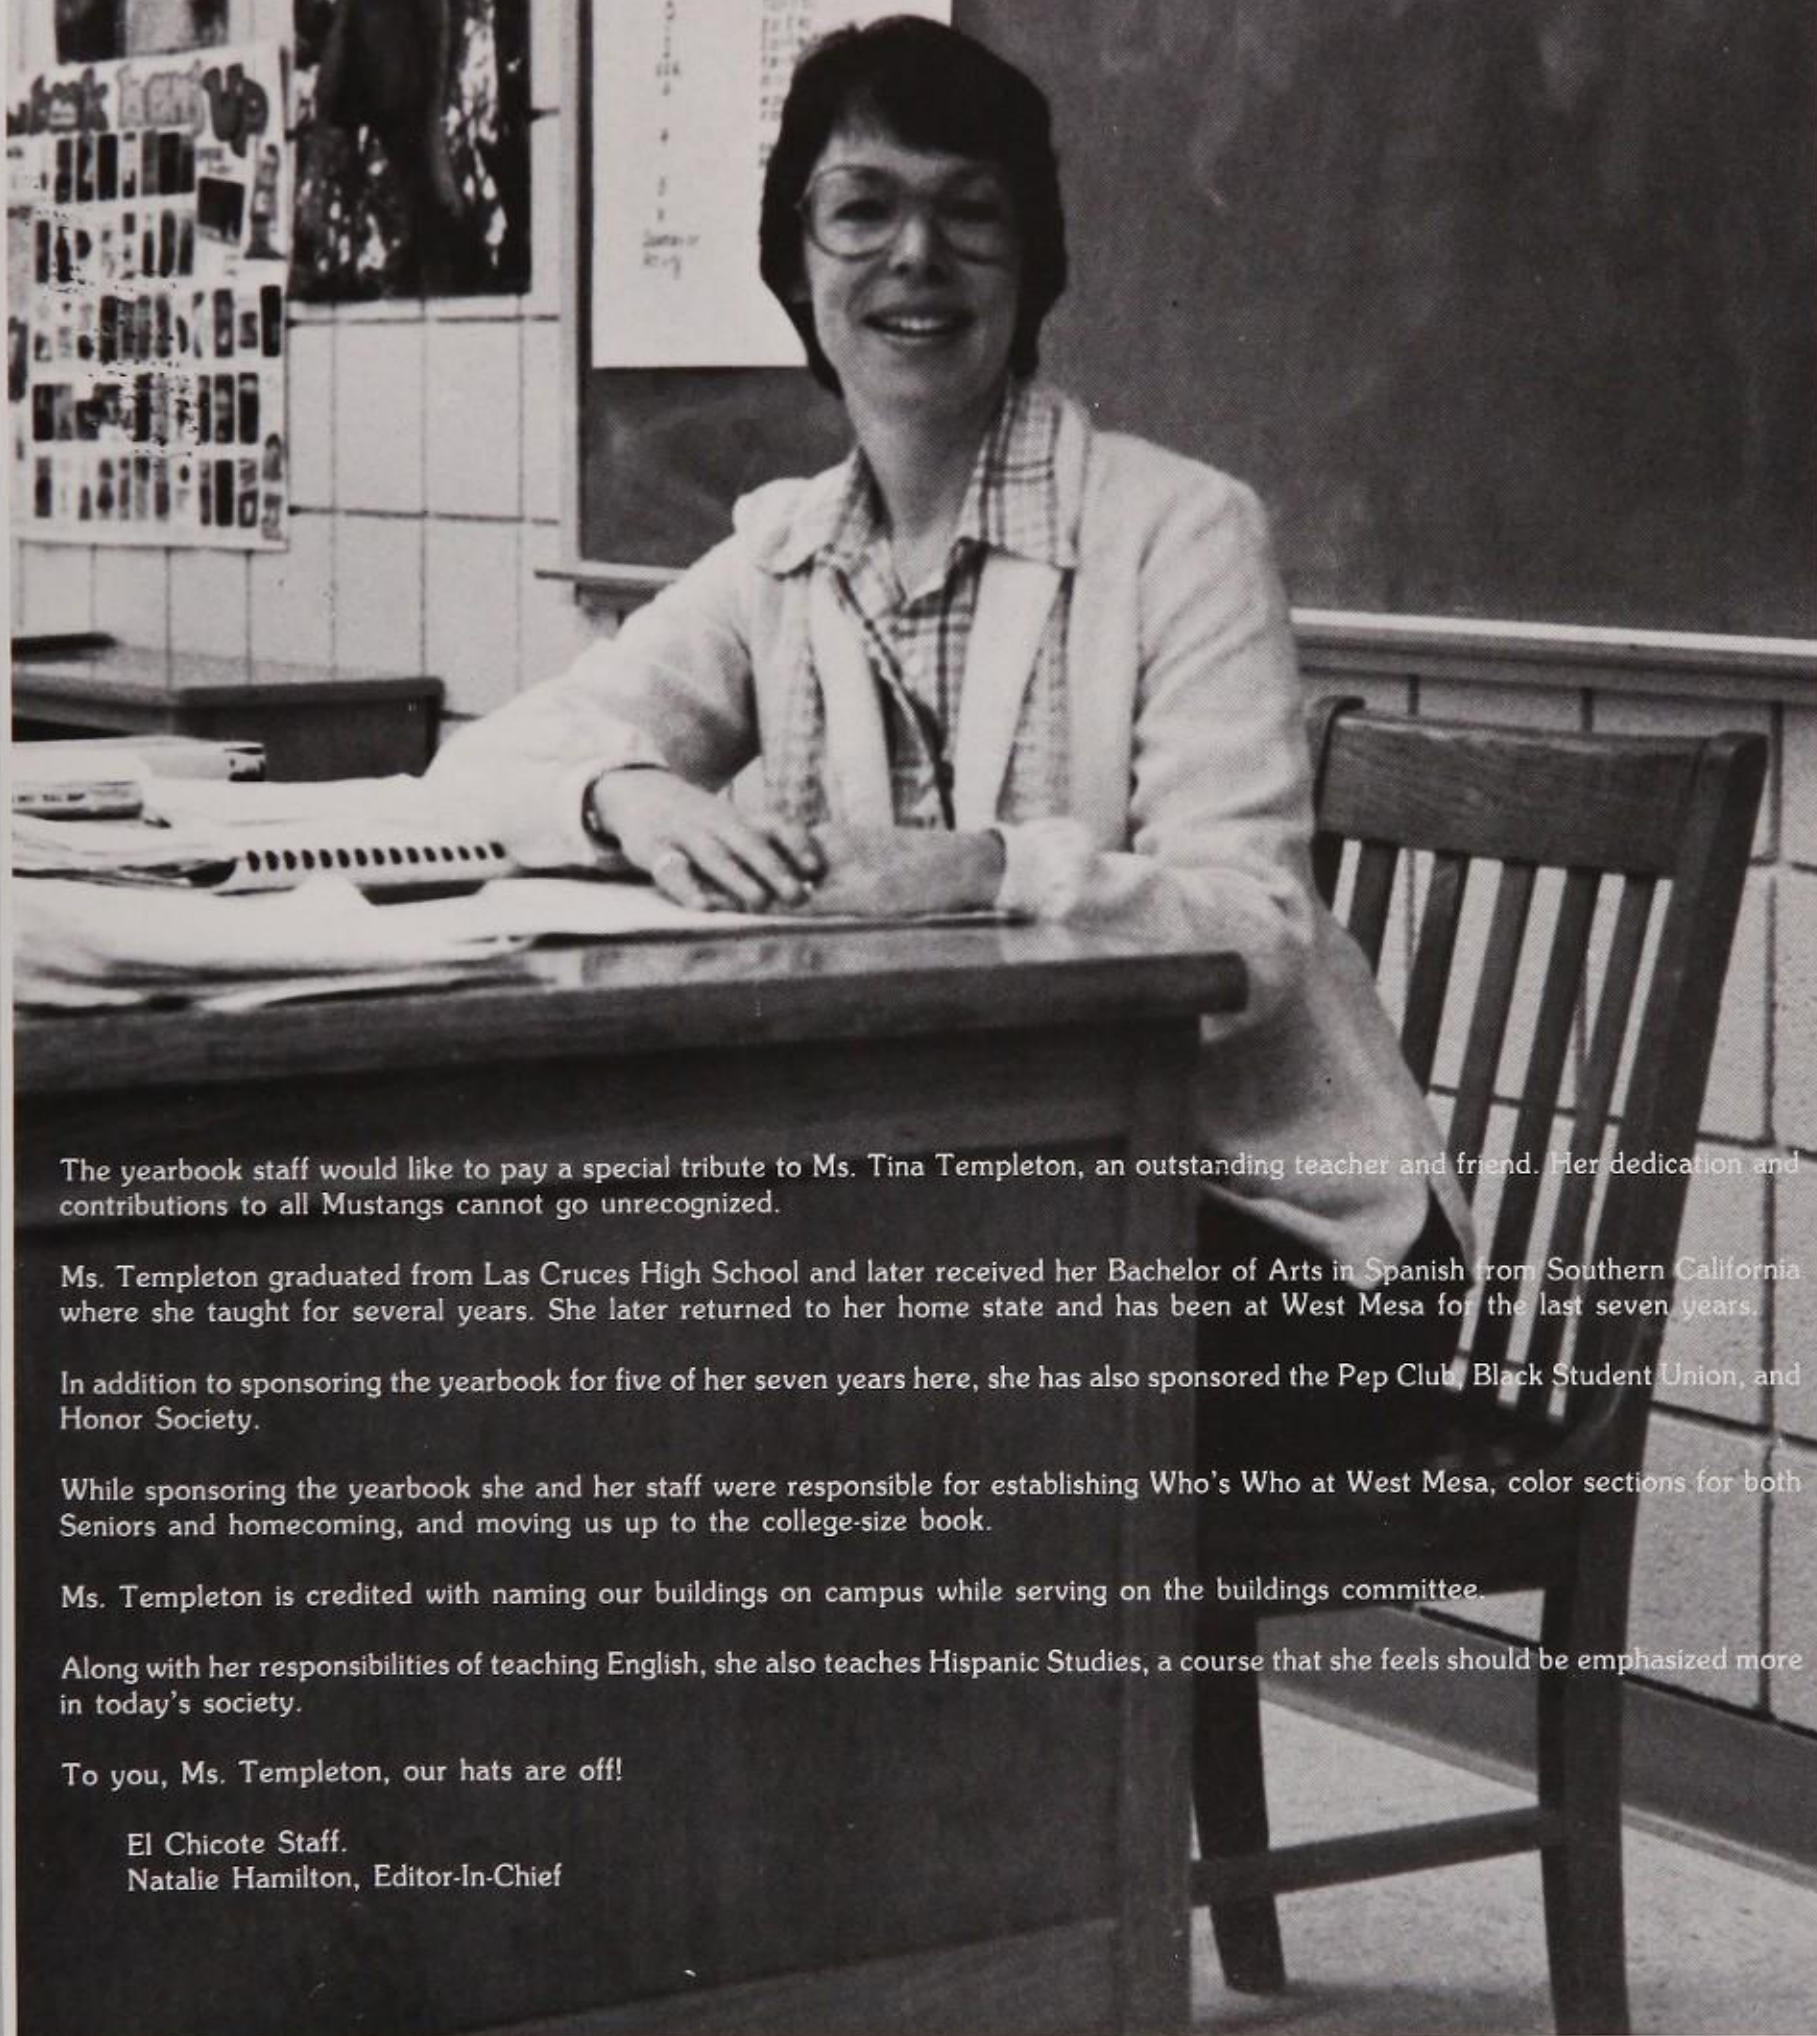

Mrs. Zanetti has helped to develop the Honors program in English and math, and also helped to expand the Special Education programs. Five years ago, West Mesa had only three Special Education programs and now, with Mrs. Zanetti's help, has almost a dozen programs. She also developed our Alternative Education Program which was started last year. It is considered a model program for the entire Southwestern region.

Another is the Adolescent Health Care team which was started last year. West Mesa was the first school to have started this program and the only school to have a clinic on campus in Albuquerque.

One program that was started in 1976, which Mrs. Zanetti is particularly fond of, is the PACK group. This is a program for Academically Capable Kids. This program was designed to reach out to students who have strong academic potential and to give them the credit and recognition that they truly deserve. PACK has now become, after four years, a school tradition and one of her deepest wishes is for it to continue now that she has left the school. West Mesa is the only school that has a PACK program.

Now as a Personnel Specialist at the A.P.S. Central Office, Mrs. Zanetti will be dearly missed at West Mesa.

HATS OFF

The yearbook staff would like to pay a special tribute to Ms. Tina Templeton, an outstanding teacher and friend. Her dedication and contributions to all Mustangs cannot go unrecognized.

Ms. Templeton graduated from Las Cruces High School and later received her Bachelor of Arts in Spanish from Southern California where she taught for several years. She later returned to her home state and has been at West Mesa for the last seven years.

In addition to sponsoring the yearbook for five of her seven years here, she has also sponsored the Pep Club, Black Student Union, and Honor Society.

While sponsoring the yearbook she and her staff were responsible for establishing Who's Who at West Mesa, color sections for both Seniors and homecoming, and moving us up to the college-size book.

Ms. Templeton is credited with naming our buildings on campus while serving on the buildings committee.

Along with her responsibilities of teaching English, she also teaches Hispanic Studies, a course that she feels should be emphasized more in today's society.

To you, Ms. Templeton, our hats are off!

El Chicote Staff.

THANKS!

The El Chicote staff would like to thank Roger Ordway of Josten's and the staff at Bill Bell Studio for their patience and hard work. Thanks also to Gerald Sandoval, Scott Goff, Bobby Baca, Matilda Naranjo and Jim Edison for their photography.

A special thanks also goes to our editor, Natalie Hamilton, working under Paul Wortzman, our advisor. Without the two of them this book would not be possible. We, the staff of El Chicote, sincerely hope that you enjoy this book for many years to come.
